

# SESAM 2021 VIRTUAL ANNUAL MEETING

## DAY ONE - 14 APRIL

London UK Time	Plenary	Oral Comms Discussion Groups Maximum Room Capacity: 130 per session	Short Comms Discussion Groups Maximum Room Capacity: 130 per session	Speedy Workshops Maximum Room Capacity: 20 per session	Full Workshops Individual workshop capacities	Society and Social	Industry Sessions
8:50	President Welcome & Speaker intro						
9:00	State of the art Presentation: TALK: clinical debriefing to improve healthcare Cristina Diaz-Navarro Q&A session						
10:00	Break	Break	Break	Break	Break	Break	Break
10:15		Oral 1 - Innovation		SW1 - Publishing your simulation research: editorial, panel Discussion with Advances in Simulation Editors	Workshop 1 Christopher Roussin: Applying SimZones with good judgement: ensuring maximum value and sustainability in your curricular efforts Maximum room capacity: 100	Sim University Session 1: The Netherlands	
		Oral 2 - IPE and Team Education I	Short comms 1 - Patient Safety	SW2 - Build your own Meta-Debrief Club		Sim University Session 2: Romania	3D Systems Simbionix: The role of ultrasound in central line placement: how a pediatric intensive point of care physician uses an innovative multi-specialty simulator for image-guided interventions
11:45	Lunch	Lunch	Lunch	Lunch	Lunch	Lunch	Lunch
12:00	inPASS: Why well-trained instructors are the most important aspect of simulations - a workshop about how online instructor courses can help						
13:00		Oral 3 (incl Short Comms) - COVID I	Short Comms 2 (incl Orals) - Abstracts Presented in Spanish and Italian	SW3 - Developing leaders in simulation	Workshop 2 Colette Laws-Chapman: Can we make it real and keep it safe? A workshop about simulation safety Maximum room capacity: 40	SP SIG: Human Simulation and Safety Amidst Pandemic, and in the near future	
13:45			Short comms 3 - Assessment I	SW4 - Name-Claim-Aim: an innovative A-B-C Tool for teaching crisis resource management			Accurate: Virtual Simulators for Clinical Cases and a new Model-Driven Mechanical Ventilation Solution: LungSim™ & BlockSim™ & DrSim™
14:30	Break	Break	Break	Break	Break	Break	Break
14:45		Oral 4 - Curriculum Development		SW5 - Using TV medical dramas as FOAMed: a novel adjunct for simulation debriefing	Workshop 3 Carla Sá Couto, Gabriel Reedy, Christoffer Ericsson: 'Curse of knowledge' and 'I assumed' syndromes: have you been cursed or blessed? Maximum room capacity: 22	Nursing SIG	Laerdal: Making education accessible - Remote solutions during the pandemic
15:30			Short comms 4 - IPE and Team Education I				CAE SimEquip: The Collision of Digital and Physical Equipment CAE Healthcare
16:15	Break	Break	Break	Break	Break	Break	Break
16:30	Lou Oberndorf Keynote intro						
16:35	Keynote Presentation: Do we learn better under pressure? The role of emotions in simulation-based learning Vicki LeBlanc						
17:20	Q&A session						
17:35	Day closing						
17:45						First time attendees	

## DAY TWO - 15 APRIL

London UK Time	Plenary	Oral Comms Discussion Groups Maximum Room Capacity: 130 per session	Short Comms Discussion Groups Maximum Room Capacity: 130 per session	Speedy Workshops Maximum Room Capacity: 20 per session	Full Workshops Individual workshop capacities	Society and Social	Industry Sessions
8:50	Welcome & Speaker intro						
9:00	State of the art Presentation: Simulation pedagogy - visions of the future Patrea Andersen Q&A						
10:00	Break	Break	Break	Break	Break	Break	Break
10:15		Oral 5 - New Technologies	Short comms 5 - Curriculum Development I	SW7 - Moulage: realism and immersiveness in the simulation scenarios presented in Italian	Workshop 4 David Grant - Designing & delivering complex simulation system tests: the 'PREPARED' framework tool Maximum room capacity: 60		CAE Healthcare: Closed Loop Education
11:00		Oral 6 - Patient Safety	Short comms 6 - IPE and Team Education II	SW8 - SESAM Accreditation Programme - Best Practices			
11:45	Lunch	Lunch	Lunch	Lunch	Lunch	Lunch	Lunch
12:00	The Future & Challenges in Pediatric and General Laparoscopic Surgery Training with Simulation - sponsored by LAPARO Medical Simulators						
13:00		Oral 7 - Assessment	Short comms 7 - Faculty Development	SW9 - A game of snakes and ladders: escalating implementation of TALK for clinical debriefing in three European cities	Workshop 5 Peter Dieckmann - How to prepare an Escape Room Maximum room capacity: 40	Tech SIG: Toward an open data exchange protocol for simulation in healthcare	inSimu: 3 pillars of enhancing clinical reasoning through simulation
13:45		SW 13 - Simulation to assess for collective competence		SW10 - ASPE presents: recruitment & hiring of simulated/standardized patients			
14:30	Break	Break	Break	Break	Break	Break	Break
14:45			Short comms 8 - Innovation I	SW11 - Effective teamwork and crisis resource management by augmented and virtual reality	Workshop 6 Cristina Diaz-Navarro - Looking beyond the behaviour: improving the language to debrief on professionalism Maximum room capacity: 40	Sim University Session 3: Portugal	
15:30		SW 14 - Developing, implementing and evaluating a national simulation strategy for Internal Medicine Training	Short comms 9 - New technologies and modelling	SW12 - Breaking bad news: training with simulation		Sim University Session 4: Germany	
16:15	Break	Break	Break	Break	Break	Break	Break
16:30	Keynote intro by David Grant						
16:35	Keynote presentation: "Where did Simulation come from? Where are we now? Where are we going?" David Gaba						
17:20	Q&A						
17:35	Day closing						

## DAY THREE - 16 APRIL

London UK Time	Plenary	Oral Comms Discussion Groups Maximum Room Capacity: 130 per session	Short Comms Discussion Groups Maximum Room Capacity: 130 per session	Speedy Workshops Maximum Room Capacity: 20 per session	Full Workshops Individual workshop capacities	Society and Social	Industry Sessions
8:50	Welcome & Speaker intro						
9:00	State-of-the-art Presentation: The use of simulation to test and optimise systems and organisations Doris Østergaard Q&A						
10:00	Break	Break	Break	Break	Break	Break	Break
10:15		Oral 8 (incl short comms) - COVID II	Short comms 10 - Curriculum Development II	SW15 - Simulation for learning and assessment: using it wisely	Workshop 7 Michaela Kolbe - Managing Psychological safety in debriefings Maximum room capacity: 20		Laerdal: Adapting to the new normal with Remote OSCE
11:00		Oral 9 - IPE and Team Education II		SW16 - Clinical event debriefing: who, what, where, when and why?			
11:45	Awards					Awards	
12:00	Lunch	Lunch	Lunch	Lunch	Lunch	Lunch	Lunch
13:00		Oral 10 (incl Short comms)- Debriefing	Short comms 11 - Innovation II	SW17 - How to design a scenario for training in non-technical skills	Workshop 8 Peter Dieckmann - You Gotta be Kidding Me: Bringing Non-Technical Skills to Life With Healthcare Jokes Maximum room capacity: 60	iRIS	
13:45			Short comms 12 - Assessment II	SW18- ASPE workshop: improving safety for SPs in simulation based education			
14:30	Break	Break	Break	Break	Break	Break	Break
14:45		SW21 - Dead man walking: the use of standardized patient in cardiac arrest simulation		SW19 - Easy to use augmented, virtual and mixed reality for medical simulation	Workshop 9 Demian Szylid - Debriefing to close performance gaps Maximum room capacity: 60	SIM University Final	
15:30		SW22 - Improving donation after circulatory death (DCD): educational design for a high-fidelity simulation lab	SW23 - Critical response process as a structure of debriefing	SW20 - Using a random patient generator in medical simulation			SIMStation: Getting to know SIMStation
16:15	Break	Break	Break	Break	Break	Break	Break
16:30	Keynote introduction by Marc Lazarovici						
16:35	Off-topic Keynote presentation: Lessons from the F1 Pitlane Marc Priestley, Former F1 Mechanic						
17:20	Q&A session						
17:35	Close of meeting
