

SESAM

SOCIETY FOR
SIMULATION IN EUROPE

LYON 17-19 JUNE
2026

CELEBRATING THE DIVERSE COMMUNITY
OF HEALTHCARE SIMULATION

SPONSORSHIP & EXHIBITION

31st Annual Meeting of Society for Simulation in Europe

Join us in Lyon

The **31st Annual Meeting of SESAM** will take place in Lyon, France, 17 - 19 June 2026, with Pre-Congress activities on 15-16 June.

Following on from the success of the Valencia Meeting, SESAM 2026 in Lyon promises to be a popular destination and an unmissable event in the simulation calendar.

Join us in France's gastronomic capital as we bring together simulation professionals from across Europe and beyond to share expertise, innovation, and best practices.

Lyon promises to be another outstanding venue for connecting our diverse simulation community.

By exhibiting at the 31st Annual Meeting of SESAM your organisation will:

- Have priority to choose the sponsorship options that best fits your marketing objectives
- Gain exposure amongst the anticipated 1,400+ attendees
- Be present during the 3-day programme, including on-site receptions
- Showcase your organisation's leadership in the field of simulation
- Appear on the SESAM Annual Meeting website and the Annual Meeting App both pre-event and during the Annual Meeting.

Foreword from the President

Dear Colleagues and Partners

It is my privilege to invite you to **SESAM 2026 in Lyon, France**, from 17-19 June 2026.

Lyon is a city steeped in the history of healing. For centuries, pilgrims travelled to Lyon seeking care and refuge, and the city became renowned for its compassion and medical expertise. The Hôtel-Dieu de Lyon, founded in the 12th century, remains one of Europe's most historic hospitals - a symbol of Lyon's enduring commitment to patient care and medical innovation.

Today, Lyon continues this legacy as a leading centre for life sciences, medical research, and healthcare education. It is the ideal setting for SESAM to gather and advance our mission: to ensure that simulation is at the heart of healthcare education, research, and patient safety.

For over 30 years, SESAM has championed the principle that patients deserve the safest possible care - and that simulation is essential to achieving this goal. Our community brings together over 1,400 delegates from 65 countries, committed to translating evidence into practice and fostering innovation in healthcare simulation.

Our industry partners play a vital role in this work. By partnering with SESAM, you connect with a vibrant, engaged community dedicated to improving patient care through simulation.

I look forward to welcoming you to Lyon, where the past inspires our future.

Warm regards

Pier Luigi Ingrassia
President, SESAM
