Wednesday 15 June

	Auditorium 1	Auditorium 2	Auditorium 3	WORKSHOPS Madrid A,B & C	Madrid D, E & F	Brussels A,B,C & D	Brussels E,F,G & H	Paris A,B,C, & D	Paris E & F
09:30 – 10:00	**Opening Ceremony**								
10:00 – 10:45	**Lou Oberndorf Keynote Lecture** *Cecilia Berlin* The stakeholders of workplace design change: why they matter and how to find them								
10:45 – 11:00	BREAK								
11:00 – 12:30	**Curriculum Development I**	**COVID-19**	**New Technologies and Innovation I**	Evidence Based Feedback Practices for Simulated Participants *Andrea J Doyle and colleagues*	Pre-roling for full-scale simulations: getting ready, together, to go all in *Birgitte Bruun and colleagues*	Fundamentals of Text Mining: Exploring Value of a Systems Analysis Approach for Simulation Research and Program Assessment *Christopher Kahle*	Virtual Reality simulators for skills training: using them to the max *Briseida Mema and colleagues*	Reflect and Re-orientate/ Finding the way through exploring the why: Group Coaching Workshop *Chris Attoe and colleagues*	MOULAGE: implementation of scenarios in a tactical environment *Irma Nieddu and colleagues*
12:30 – 13:30	LUNCH								
13:30 – 13:50	**Hot Topic Lecture** *Sigrun Qvindesland* Government mandated simulation: Possibilities and responsibilities								
14:00 – 15:30	**Interprofessional Team Education I**	**Patient Safety / Quality improvement I**	**Assesment Using Simuation I**	Telling a Compelling Story to Publish your Ideas and Research: Academic Writing 101 *Walter Eppich and colleagues* SiReN★	Engagement in Distance Debriefing: The Good, The Bad, and The Ugly *Cynthia J Mosher and colleagues*	Exchanging experiences – a post TTT facilitator workshop you can run at home *Hilde Klippen Hetland and colleagues*	Communication Skill Training: Learning to hold difficult conversations virtually *Briseida Mema and colleagues*	I've an idea!: Developing a credible research question in simulation-based education and practice *Gerry Gormley and colleagues*	"Circle Up": Transformative learning and support routines for everyday teams *Jose M. Maestre and colleagues*
15:30 – 15:45	BREAK								
15:45 – 17:15	**Obstetric Simulation and Neonatal Brachial Plexus Palsy – The Spanish Obstetric Emergencies Group results** *Oscar Martinez Perez assisted by Rita Salvador Lopez*	**Faculty Development**	**New Technologies and Innovation II**	Preparing faculty for Translational Simulation in healthcare *Victoria Brazil and colleagues*	Simulation curriculum and course design with 4C/ID *Jimmy Frerejean and colleagues*	How to introduce a sustainable interprofessional simulation education program: Dos and don'ts *Jan Schmutz*	Tackling the debriefing of the debriefing *Kai Kranz and colleagues*	So you want to start a debriefing training programme? *Gerry Gormley and colleagues*	Applying SimZones with good judgment: Ensuring maximum value and sustainability in your curricular efforts *Jose M. Maestre and colleagues*
17:15 – 17:30	BREAK								
17:30 – 18:15	**State-of-the-Art Lecture** *Peter Dieckmann* How simulation can enlarge professionalism in healthcare								
18:30 – 19:30	First time attendees and Members Reception in the Catering Area, Level 1								

SESAM SEVILLE 2022

Thursday 16 June

	Auditorium 1	Auditorium 2	Auditorium 3	Madrid A,B & C	Madrid D, E & F	Brussels A,B,C & D	Brussels E,F,G & H	Paris A,B,C, & D	Paris E & F	TV Room	Press Room
				WORKSHOPS							
08:30 – 09:15	Registration										
09:15 – 09:30	SESAM welcome day 2										
09:30 – 10:15	**Keynote Lecture** *Hege Ersdal* Data-driven quality improvement – adjusting simulations to address gaps in clincal care. Safer Births at scale								Share your valuable professional experience as a mentor, or learn from experienced professionals as a mentee		
10:15 – 10:30	BREAK										
10:30 – 12:00	Curriculum Development II	Assesment Using simulation II	Interprofessional / Team Education II	SitBox – a long awaited training tool for decision making in medical simulation *Kate Vold and colleagues*	Utilization of data-feedback in simulation and debriefings *Kjetil Torgeirsen and colleagues*		Bringing Social and Cognitive Skills to Life by Organisational Constellations and Embodiment (suitable for both Spanish and English speakers) *Peter Dieckmann and colleagues*	Supporting effective teamwork in healthcare: Science and practice *Marie Sophie Thommes and colleagues*	**Industry Workshop** *Kim Leighton and David Grant, an iRIS Scenario Authoring Workshop* Creating High Impact Educational Outcomes by authoring high quality scenarios		Mentoring Session (45minutes) 10:30 – 11:15
12:00 – 13:00	LUNCH										
13:00 – 14:30	**Sponsored Lecture** *George Papagiannakis, Orama VR* **Accelerating the world's transition to medical VR training with a software development kit**	New Technologies and Innovation III	Patient safety / quality improvement II	Online Simulation: the Challenges and how these were overcome *Megan Fisher and colleagues*	Co-debriefing in interprofessional simulation-based education interactive workshop *Prashant Kumar and colleagues*	What's All the Training FOR (Frame of Reference)? Toward Improving the Reliability of Simulation-based Assessments *Ross J. Scalese*	Integration of Extended Reality-based Simulation in Healthcare training and education: A participatory and interactive workshop *Mark Weinert and colleagues*	Using Actor-Network Theory to adapt Simulation Curricula to facilitate transfer of learning *Briseida Mema and colleagues*	SiReN Meeting	SimUni Semi-Finals 13:00 – 15:30	
14:30 – 14:45	BREAK										
14:45 – 16:15		Spanish Abstracts (Misc)		**Industry Workshop** *Presented by SAFER* Continuing the discussion of Data-driven quality improvement - adjusting simulations to address gaps in clincal care. Safer Births at scale	Effective Extended Reality *Fernando Salvetti and colleagues*	Psychological Safety: The Role of the Pre-Simulation briefing *Sharan Mahtani and colleagues*	Protocol Testing and System Integration Using Simulation: Lessons Learned from Covid-19 in Saudi Arabia *Baraa Tayeb and colleagues*	How to communicate effectively as a leader in difficult conversations. Training with simulated persons *Andrea Lenes*	SiReN Meeting		
16:15 – 16:30	BREAK										
16:30 – 17:15	**State-of-the-Art Lecture** *Demian Syzld* Implementing Debriefing Programs for Simulation-based Medical Education and for Clinical Events										
17:30 – 18:45	Networking reception in exhibition areas										

Friday 17 June

	Auditorium 1	Auditorium 2	Auditorium 3	WORKSHOPS						Video conference	Press Room
				Madrid A,B & C	Madrid D, E & F	Brussels A,B,C & D	Brussels E,F,G & H	Paris A,B,C, & D	Paris E & F		
08:30 – 09:15	Registration										
09:00 – 09:15	**SESAM welcome day 3**										
09:15 – 10:00	**Keynote Lecture** *Eve Purdy* The leaky container – managing risks and maximizing rewards of simulation for high performing teams									Share your valuable professional experience as a mentor, or learn from experienced professionals as a mentee	
10:00 – 10:15	BREAK										
10:15 – 11:45	**Interprofessional / Team Education III**	**Curriculum development III and Debriefing**	**New Technologies and innovation IV**	*From novice to expert; continued professional development for simulation based educators* *Kathleen Collins and colleagues*	How to use 360 video for simulation and medical education- making immersive technology accessible *Timothy Mason and colleagues*	Serlous gaMe for Online training with Simulation (SIMOONS) *Meritxell Jiménez Llahí and colleagues*	Iniciación al moulage en simulación clínica (Presented in Spanish) *Javier Mora Repullo and colleagues*	Thinking qualitatively about educational research *Walter Eppich and colleagues* SiReN		Mentoring Session (45 minutes) 10:15 – 11:00
11:45 – 13:00	LUNCH										
13:00 – 14:30		**Best Oral and Short Comms**		Design-based research in healthcare simulation: a methodology to advance curriculum development *Naoise Collins and colleagues*	The Scottish Simulation Journal Club – Live at SESAM *Nathan Oliver and colleagues*		Supporting Peer Assisted Learning *Claire Condron and colleagues*			SimUni Final (1 hour) SIM UNIVERSITY SESAM	
14:30 – 14:45	BREAK										
14:45 – 15:30	**State-of-the-Art Lecture** *David Grant* Structured Approach to Deliberate Systems Optimisation										
15:30 – 15:45	**Awards Ceremony**										
15:45 – 16:00	**Closing Ceremony**
